 - **NET CLIENT HUNTER USE (NCHU):** The Board of Outfitters has been directed by the Legislature to regulate outfitters NCHU as set forth in [37-47-201(5)(d), MCA]. Proposals must be made on a form provided by the Board and accompanied by the appropriate fee. The NCHU figures limit the number of clients that hunting outfitters may outfit on private, state and federal land where client use is not regulated. NCHU is not designated on federal land under special use permits. Once NCHU numbers have been set for the desired categories, an outfitter may not exceed the number without Board approval, nor may an outfitter exchange, trade or substitute between the categories of NCHU without approval of the Board. For example, you may not drop one bird hunter in exchange for an additional elk hunter in a given year without applying for and receiving approval from the Board.

The Board will publish proposals for expansions or new use to obtain public comment and consider the proposals at regularly scheduled Board meetings. The Board will then review each proposal to determine whether an undue conflict with existing hunting use exists in the area, constituting a threat to the public health, safety, or welfare.

- **LICENSE AMENDMENT/EXAMINATION APPLICATION:** Montana outfitters seeking to amend their existing outfitter's license by adding a new service, such as, horses/packing, fishing, or hunting, must make application on a form prescribed and furnished by the Board. After meeting the experience and training specifications and other qualifications (fishing or hunting), license applicants must take and pass a written examination administered by the Board or its agent. Incomplete applications will be returned causing a delay in processing. The fee is \$450.00 for the License Amendment, Examination Application and filing of an

operation plan amendment.

(A completed NCHU application must accompany hunting outfitter license application) Sign the forms and submit them to the Board office with the required fees. Applications submitted without the required experience may be subject to a re-application process with new fees.
- (2) Qualifications will be investigated and experience verified upon receipt of an application. The experience is verified through review of annually submitted client report logs.
- (3) Applications must be submitted (30) thirty days prior to the next scheduled examination date. If received after the deadline date, the application will be held for the following examination. Submitting your application by the deadline date does not guarantee that you will be scheduled for the next examination date. Applicants must receive preapproval of their proposed operations plan and license application before being scheduled for the written examination.
- (4) Once an application is considered complete, the Board office will send written confirmation of the date and time the applicant is scheduled for examination. The examinations are given on the second Tuesday every three months starting with January. Therefore, the exams are given in January, April, July and October. Examinations are always held at a pre-scheduled location in Helena, Montana.
- (5) An equipment and premises inspection will be made by a representative of the Board at a reasonable time following approval of an application.
